Insurance and Financial Policy

At F&S Orthodontics and Periodontics, we believe that you deserve the best dental care available today and will assist you in maximizing your insurance benefits to obtain that care when the benefits apply to you.

Our practice is a fee-for-service office. Payment in full or setting up a scheduled payment plan is expected at the time of service. We offer interest-free automatic payment plans. The majority of dental reimbursements are sent to the policyholder from the insurance company.

Our office is out-of-network for all dental insurance plans. We will submit a claim to your dental insurance company as a courtesy to you. Claims can be submitted to any employer-funded dental plan on your behalf and you will be reimbursed based on the out of network benefit level. ***We are unable to submit to state-funded dental plans.***

Benefits are based on the terms of the contract negotiated between your employer and the dental insurance company, not your dental office. Therefore, some services may not be covered even though they are necessary. We will do our best to submit claims and answer questions regarding any claim. However, since we are an out of network provider we are sometimes limited in working with the insurance companies. We urge you to read over your dental benefit plan so that you are fully aware of coverage and limitations; ultimately, you are responsible for the entire treatment fee.

We highly value your trust in us and will work diligently to assist with submitting to your insurance company. We welcome you and your family to our practice and look forward to helping you achieve a healthy and beautiful smile. If you have any questions regarding our insurance and/or financial policy, please do not hesitate to ask.
